SUPER TOURNAMENT ROSTER FORM—Cover sheet for Student Emergency Health Forms

1. Use a separate roster form for each tournament.
   List every player name ALPHABETICALLY—you must have an emergency health permission form for each student. (use additional sheets if necessary)
   At the bottom, list every adult name ALPHABETICALLY—you must have an emergency health permission form for each adult. (use additional sheets if necessary)
2. Do not use columns A-C; other columns are for your own use (T-shirts sizes, etc).
3. Total your T-shirt information for all students and adults (numbers must agree with numbers on blue Registration form) and complete the T-shirt form.
4. Make copies of this completed roster for yourself—turn in original roster with all emergency health permission forms. A school is not considered registered unless there is a signed form for every student and adult on this roster.
